Message from KFRW President
Pamela S. Roberts

Greetings!

One definition of different is partly or totally unlike in nature. Another explanation is considered by some people to be less acceptable. However, some believe that being different is a source of connection or belonging. While I travel this state visiting with many people, I am learning there are many opinions about one thing with little common ground in between. So, how did we become a society leading to uniformity and not leading to unity? Have we really become a culture that demands at the head? But who is that leader?

With that said, if we are created equal, given equal rights producing human equality then why do we label groups of American citizens and divide our population by placing people into categories turning citizen against citizen?

Ronald Reagan once said, "If we ever forget that we're one nation under God, then we will be one nation gone under." After all, remembering the why we do something is more important than the action itself.

To quote the preamble of the 2016 Republican Party Platform, "God bestows certain inalienable rights on every individual, thus producing human equality, that government exists first and foremost to protect those inalienable rights; that man-made law must be consistent with God-given, natural rights; and that if God-given, natural, inalienable rights come in conflict with government, court, or human-granted rights, God-given, natural, inalienable rights always prevail; that there is a moral law recognized as "The Laws of Nature and of Nature's God"; and that American government is to operate with the consent of the governed."

There are differing opinions among our citizens which are natural. The choice we make based on our opinions could be the difference between what it means to be different and how we have to be different.

How many opportunities have we missed because we have focused too much on uniformity instead of unity? If we are to encourage responsibility and integrity, then we should treat others fairly and with respect.

The choice is yours to make.

For God and Country,

Pam

KFRW LINCOLN LEGACY CIRCLE

In 2016, The Kentucky Federation of Republican Women formed the First Lady's Circle, a new fundraising campaign instituted for the KFRW. In 2021, the name for this campaign was changed to Lincoln Legacy Circle. For \$100, women of the KFRW could be a part of the circle. We had 107 women joined as Charter Members this first year. Events are held annually for those who join this fun group of women.

Please join us as we raise money to support our Republican Candidates. For the application, please follow the link below:
